to the heirs of Mal. Newbold.

Some of the citizen boys are sent by farents or gaardians, who pay what they can toward the support of such Boys, while other boys are sent by the 25 renie of children's guardians and the 25 renie Court of Washington and advalent institutions of Baltimore. Wierever a boy is sent by a tribund. It. District of Columbia or the state of Maryland pays for him approximate by 315 a mouth. Additional sums of many come from Maryland, Baltimore, and by voluntary contributions from begues and finance committees of Tashington and Baltimore.

How the boy learns to become a good citizen; now he is taught the "why" of government, and how he is developed greatally, physically and morally is told graphically in the booklet sent out to the little book.

All laws are made in the general assembly. The police force, composed of how citizens, sees that the laws are thased. All infraction of the laws are maded by flues or by terms of work Schoul pay, and are imposed in a court because of the study of law, become an attorney and blead cases at the bar.

Belief Has Become Reality.

Belief Has Become Reality.

Belief Has Become Reality.

This in orief is the form of the resoluble: the spirit of it lies in the belief has belief has shoulders. The belief has brooked out into fact so many times at the republic that it is no longer questioned.

The boy who in the city has run with lating Dances to Feature Ball.

Italian Dances to Feature Ball. The boy who in the city has run with e gang, has looked on the policeman his natural enemy, on the judge as unreachable oppressor, and on the unreachable oppressor, and on the look as something made by some mys. to hold a masquerade ball to be given as something made by some mys. to hold a masquerade ball to be given out unknown enemy for his affection as something to be defied and evadfaids himself transferred to a new february 3. Traditional Italian danctosphere, and when he discovers, as ing will be one of the features.

PARTY ON BACHE MARKS CHANGES FOR MARINERS

United States of America. The boys effect their own president and vice president. The president appoints his own cabinet, consisting of a secretary of state, secretary of the treasury, attorney general and judge. Boy police, while the boy judge appoints the clerk of the court, court crier and other necessary clerks.

The National Junior Republic is no longer an experiment. The boys who longer an experiment and longer an experiment. The longer an experiment. The longe

nels and of other obstructions to navigation which the mariner could not and would not know about until his ship grounded and floundered, with consequent loss of priceless lives and valuable property.

New and valuable information to the hundreds of, small craft, especially motor boats, which ply up and down the Atlantic coast and put in at the various bays and rivers, many of them headed for the Capital city, has been collected by the coast survey parties and will be included for the first time in the new "coast pillot" covering the waters from Sandy Hook to Cape Henry, including the Chesapeake and Delaware bays, which is about to be issued.

To the unimitiated it might be of the coast survey exit.

lights are described as "fixed," the lights are described as "fixed," "oc-cuiting" and "flashing," whether red or white, and the period of time between flashes is given, so that one can tell by comparing with chronometer the light he is passing and thus determine the position of the vessel. The book also shows greatest distance at which the lights are visible.

milar to that assigned to the Bache arbor, especially with the view of show

To assist in the important offshore work of the Bache and Isis, a party under Assistant A. Joachims is engaged in erecting tall range signals along the coast between Charleston and Brunswick. Some of these signals are more than 100 feet high and are used by the ships engaged in the survey to determine offshore position of soundings.

Naval vessels having reported important changes in the changes at the coancil.

tant changes in the channels at the trance to Port Royal Sound, S. C., du trance to Port Royal Sound, S. C., due to the action of the sea and currents, the steamer Hydrographer, Capt. F. G. Engle is engaged in a resurvey in this locality in order that the charts and sailing di-rections could be brought up to date, es-becially for the use of naval vessels. The schooner Matchless, Capt.
